

Exit Survey

Students who make the decision to leave the College are invited to complete the Exit Survey as part of the process of withdrawal. The survey asks questions about their experience while enrolled at the College and their overall satisfaction with campus services. There are also various questions inviting departing students to identify the importance of known reasons why students leave institutions of higher education in their decision to leave Spring Hill College. Below you will find answers indicating the importance that departing students identified related to overarching conceptual constructs, as well as information about their satisfaction with various aspects of their educational experience at SHC.

Means for Collapsed Constructs (Scale 1 = Not Influential to 5 = Very Influential)

	2016
